

# Give a Gift that Counts

If you're having problems thinking of just the right gift for an older loved one, the best option might be right under your nose. What a senior likely wants is the gift of time and a holiday activity he or she can no longer accomplish alone. One of these gifts can help an older loved one continue to feel a part of this festive season. Download the elf certificate and write in one of these services or another that you think would be of value to an older adult:

- A holiday shopping trip
- Help preparing a holiday meal
- Wrapping and shipping packages
- Holiday decorating
- Writing holiday cards
- One afternoon of cookie baking
- A ride to a holiday program
- Help volunteering or collecting food for the needy
- Caroling
- Companionship to a faith service
- A holiday light tour
- Cleaning the house before (or after) the holidays
- Connecting with those who are unable to be home for the holidays (by phone, Skype or email)
- The gift of time – to do whatever the senior would like to do
